

Opfer vom Fukushima Atomkraftwerk 2011 e.V.

Victim from Fukushima Atomic
power plant 2011

2011年福島原発事故による
被害者支援の会

Nobody knows how low intensity radioactivity, taken over a longer time, is influencing the health condition of a human body.

Many scientists are worried about the possibility that this might lead to severe changes in the genetic code of the humans effected.

Therefore we need to think about long term care for the people.

Health damages will not show tomorrow, they will show in the second or third generation.

We need your help for supporting the life of this people.

After the terrible nuclear accident in Fukushima, a group of Japanese Lufthansa flight attendants met and founded the association:

Opfer vom Fukushima Atomkraftwerk 2011 e.V.

Victim from Fukushima Atomic
power plant 2011

We established this e.V. in Germany, with praying for the peaceful life for children in the disaster area, because Germany is the first country, after the Fukushima accident, to decide to exit from nuclear power supply.

We thank the law office, "Mayer Brown" for the big support to establish the e.V. as a pro bono activity.

The association pursues exclusively and directly charitable purposes within the meaning of the "Beneficiaries tax purposes" of the Tax Code (AO)(Germany).

Purpose of the association is to promote the long-term support to victims of Fukushima. This assistance includes the sustainable help for long-term damage of the nuclear disaster for affected people who are financially in need.

The purpose is achieved in particular through the following activities:

Allowing medically necessary treatments for affected people in financial distress;

Assistance to cope with daily life for affected people in financial distress;

Measures to raise the profile of disabled people in Japan;

Maintaining contact between organizations and groups in Japan and the European Union dealing with the consequences of the nuclear reactor disaster in Fukushima;

Cooperation with and support of associations and organizations with the same or similar non-profit or charitable purposes.

Membership:

The membership fee is 12,00 € per year.
